Accept other grammatically correct original sentences that use the requested verb form. For 26, the past-perfect action should take place before a past reference point.

Teaching notes

- Read the three forms aloud, especially *read–read–read* (past forms pronounced like *red*).
- Contrast *saw* with *seen*, *went* with *gone*, and *wrote* with *written*.
- Explain that *did not* takes the base form, as in *did not take*.
- For question 18, *teach–taught–taught* is an additional irregular verb introduced in practice; demonstrate its forms before assigning the exercise.
- Suggested marking: Questions 1–22: 1 mark each; questions 23–26: 2 marks each (correct target verb and meaningful sentence), total 30 marks.
